## DONATION APPEAL

San Animal is a charity set up by a group of international animal lovers who share the desire to try to make a difference to the lives of at least some of the abandoned dogs and cats in the Aguilas, Lorca and surrounding areas of south-east Spain.

Since starting our journey in the Summer of 2010, we have managed to home many cats and dogs, with some going

abroad to Holland and Germany

It is our policy that all dogs that are found homes are Spayed/Neutered, Inoculated, Microchipped and Blood tested, now as you can imagine this is a very costly exercise and one we are willing to undertake.

But, to achieve this we need **YOUR HELP**, by us asking you for a small donation. To achieve this, please donate 3 euros/£ on a monthly basis, this will give us stability in knowing that the animals like those pictured have the loving and bright future they so deserve. To set this up, ask your bank to arrange a "Domiciliación"/Standing order using our bank information below.

Gloria was born in July 2009 approximately. She was living on the Ring Road around Aguilas and was rescued by San Animal in November 2010. Initially she was very shy and didn't like to go through doorways when someone was there. She is now very settled and ready to go to her forever home. She is good with other dogs and cats and children.

Hero is a gorgeous English Pointer born in January 2010 approximately. He was found in Lorca in December 2010 and was being fed by a lady at a warehouse. This was very dangerous as lorries came and went the whole time. He was extremely skinny and in need of immediate veterinary treatment. After receiving this he was taken into foster care with San Animal Santuario.

Hero is good with people, children and likes most other dogs. He is very good with puppies. San Animal are very lucky to have experienced people working with us who really care for the animals, because of this care and support Hero is now fully recovered and awaiting his forever home
